### **OUR IMPACT**

At The Wellsville Group, we believe that a well-furnished home is filled with a happy family. That is why we consider it a privilege to help make an impact in the lives of our neighbors in each of the communities we serve. In 2017, we gave back more than \$150,000 to various charitable initiatives such as: A Hope to Dream -- delivering 220 new mattress sets to children in need -- United Way, and numerous other human-service agencies in-need.

Our impact extends to the environment in which we live. To make sure we are doing our part in caring for the environment, we recycle all cardboard, plastic, Styrofoam and other reusable materials in each of our Preparation and Distribution Centers. Each year, we recycle at least 400 tons of packing/shipping materials as part of our efforts to go green!
